

# GIFFARD

## ABRICOT DU ROUSSILLON

### PREMIUM LIQUEUR

From pastoral orchards in the Loire Valley of France, not far from the Giffard facility, we harvest the quintessential apricot variety, Rouges du Roussillon for this delectable liqueur. The apricots are macerated in neutral spirit to extract their distinct flavor and color. Then, apricot juice is added to sweeten the liqueur and to impart a natural, true-to-fruit balance of tartness. This fresh juice may cause natural sediment to appear, a reminder of the real fruit used to create our premium liqueur.

### ABOUT GIFFARD

Emile Giffard was a pharmacist with an inventive, curious nature and the palate of a gourmand. In the scorching summer of 1885, in the small Loire Valley town of Angers, France, he was studying the digestive and cooling properties of mint. Giffard's research resulted in the invention of a clear mint liqueur, steam-distilled from the Mitcham variety of peppermint. As delicious as it was refreshing, this liqueur was immediately received with enthusiasm from the townspeople of Angers. Monsieur Giffard's elixir was called Menthe Pastille after the mint candies that were so famous at the time.

Giffard parlayed the success of Menthe Pastille into a fully operational distillery. Since 1885, the Giffard facility has produced liqueurs, syrups, cordials and tonics from the rich bounty of local fruits and botanicals as well as the exotic spices and herbs that were brought in by ship on the Loire River from ports around the world. Four generations later, Giffard is still owned and operated by the same family who maintain tradition and quality for all of its products.
