

ABOUT

Cognac Park is the premier brand from Distillerie Tessendier, founded by Gaston Tessendier in 1880. Today, master blenders Lilian and Jérôme Tessendier - 4th generation brothers - oversee production, with the goal of distilling and blending cognacs that clearly express the terroir of four different growing regions: Grande Champagne, Petite Champagne, Borderies, and Fins Bois. Each of our blends is created with purpose and vision, carefully balancing the nuances of the geography, climate, and aging conditions that are so important in cognac production.

COGNAC PARK

BORDERIES MIZUNARA 5 YEAR

Mizunara is a rare variety of oak from Japan used to create barrels mostly utilized for aging Japanese whiskies. To create Park Borderies Mizunara, we employ a unique barrel finish to a beautiful blend single cru cognac from the Tessendier family estate in the esteemed Borderies growing region. This cognac spends at least five years in lightly toasted French oak, followed by several months in Mizunara oak casks. The Mizunara cask finish brings intensity and depth, conferring notes of vanilla, cocoa, and spice. These rich notes meld seamlessly with the lighter, floral character of the Borderies cognacs. Produced in limited editions due to the difficulty of obtaining Mizunara casks, this cognac will definitely appeal to the whiskey palate, but it will be collectors who want to add this gem to their collection.
