

# SOTOL POR SIEMPRE

From the high desert slopes of the Sierra Madre Mountains, in the heart of Chihuahua, Mexico, comes Sotol Por Siempre. A unique spirit distilled from the hearts of wild-harvested sotol, the vital desert plant that has sustained the people of this region for thousands of years. Two distillations in an alembic copper pot still preserves subtle smoke and earth flavors which are imparted by pit roasting and open-air fermentation. Six generations of the Perez Family bring you Sotol Por Siempre.

Back Bar Project is proud to partner with Compania Elaboradora de Sotol, a 6th generation distillery, on the release of Sotol Por Siempre. An authentic spirit of Mexico, not distilled from agave, but from the native Sotol or desert spoon, it shares characteristic similarities to its cousins in spirit, Tequila and Mezcal.

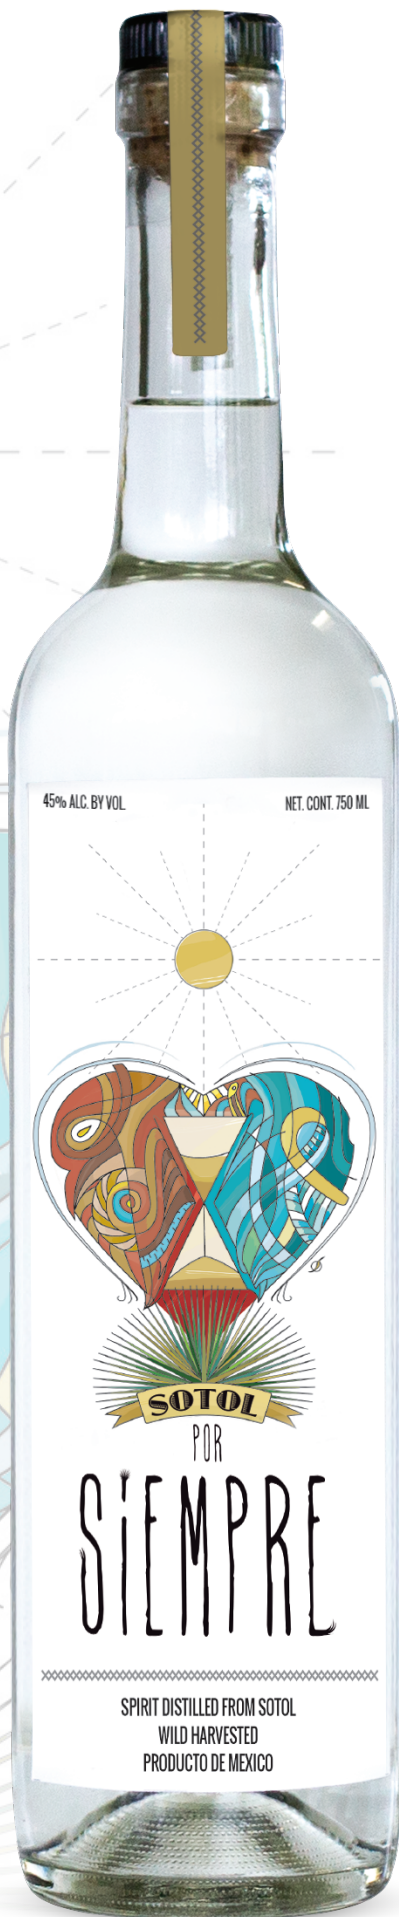

**VOLUME:** 750 mL

**ABV:** 45%

**NOSE:** Opens with bright citrus and white flowers quickly growing herbal and vegetal with an intense note of damp, freshly turned earth and whispers of wood smoke and black pepper.

**PALATE:** Black pepper spice, earth, mineral, wet stone, rich and chewy texture with a long, dry and mildly smoky finish.

Enjoy Sotol Por Siempre neat, in classic drinks that call for agave spirits like the Margarita and El Diablo or in creative, contemporary cocktails.
