ABOUT WORTHY PARK ESTATE

Established in 1670, Worthy Park Estate is one of the most historic sugar and rum producers in Jamaica. Every element of rum production, from cane harvest, to sugar production, to bottling, takes place on the Estate. Thousands of acres of our own sugar cane are the source for the molasses used during distillation in our 100% copper pot-still.

WORTHY PARK SINGLE ESTATE RESERVE

An exceptional expression of pure, single Jamaican rum, this blend of 6, 7, and 10-year-old lower-ester rum marks is aged in American White Oak ex-Bourbon barrels.

Worthy Park has so much aligned to be a great rum company. We have the cane fields, the sugar factory, and the distillery, all at the same location. "Cane field to glass" as they say. We also have 346 years of well-documented history and heritage that cannot be reproduced or fabricated. Finally, we have the origin, being Jamaica, world famous for many things, including rum. I feel grateful to have this foundation behind me to distill and blend truly great Jamaican Rum..
