

# GUM

## GIFFARD GOMME

### SYRUP 1 L & 350 mL

This rich simple syrup contains gum Arabic, an all-natural resin harvested from the Acacia tree. The gum consists of fiber and protein, acting as an emulsifier in the syrup, creating mouthfeel and body, ultimately unifying the ingredients of your cocktail. Use Giffard Gomme Syrup in place of simple syrup to add a richer texture to your cocktails.
