INNOVATIVE & NATURAL OFFERING

Tepache Sazón is a naturally fermented, crisp and refreshing alternative to beer and cider. It has no artificial ingredients and is 100% gluten free.

100% REAL FRUIT

We use pineapples grown, and harvested by the Topete family, multi-generational growers that produce pineapples known for their sweetness and exceptional quality.

Our guavas are hand-selected from Mexico's finest orchards at peak ripeness and are known for their intense aroma and flavor.

HECHO EN MÉXICO

Tepache is deeply rooted in Mexican culture and dates back to pre-hispanic times. Inspired by a traditional recipe, Tepache Sazón is proudly crafted at our one-of-a-kind tepachería in San Pancho, Nayarit Mexico.

In Mexico, Sazón means that special touch that leads to the extraordinary.
