Fermentation: 2–3 weeks in American white oak vats
Age: Unaged
ABV: 54%
Additives: None
Filtration: Non-chill filtered
Marque: WPE-CJN (Ester count up to 800 g/hL AA)
Exclusive Bottling: Skurnik Wines & Spirits

TASTING NOTES

Appearance: Crystal clear and bright, with a silvery sheen.

Aroma: Intense fresh cane, green apple, overripe banana, and grassy funk; hints of tropical fruit and wild fermentation esters.

Palate: Bold and vibrant, with juicy sugarcane, tart citrus, pineapple, and a lively herbal character; layered with classic Jamaican high-ester funk.

Finish: Long, warming, and zesty; lingering notes of fresh cane, white pepper, and tropical fruit.

Nestled 1,200 feet above sea level in the heart of Jamaica, Worthy Park Estate spans over 10,000 acres of lush sugarcane fields and natural forests. With a history dating back to 1670, Worthy Park is Jamaica's only single estate rum producer, controlling every step of production using only Jamaican-grown raw materials.

The WPE-CJN is an exclusive release using fresh sugarcane juice sourced directly from Worthy Park's own sugar factory — rather than the traditional molasses base — and fermented using the estate's signature three-month wild yeast development process. The result is an intensely aromatic, vibrant rum bursting with grassy, fruity character and Worthy Park's signature high-ester style.

Bottled exclusively for Skurnik Wines & Spirits. Jamaican Rum Geographical Indication (GI).
